1 Overview – Malaysia’s Commitment to 2030 Agenda
Malaysia has made a commitment to the 2030 Agenda...

“...may I reaffirm Malaysia’s commitment to support and implement the 2030 Agenda for Sustainable Development.”

“Malaysia is absolutely committed to the Post 2015 agenda - the Sustainable Development Goals and our aspirations to transform the world by 2030.”

“Malaysia is now about to embark on its next five-year development plan - the Eleventh Malaysia Plan, from 2016 to 2020. In many aspects, the plan mirrors the multidimensional nature of the SDG, and has been formulated with the people at the centre of all development efforts.”

- Governance structure
The mapping process of SDG targets and 11th MP...

**11MP: Strategic Thrust 1**
Enhancing inclusiveness towards an equitable society

- **Key initiatives**
  Inclusivity ensures all Malaysians benefit from economic growth regardless of gender, ethnicity, socio-economic status, or geographic location

**11MP: Strategic Thrust 2**
Improving wellbeing for all

- **Key initiatives**
  Healthy individuals and happy households, living in cohesive and united communities – this embodies the vision for a socially advanced Malaysia

**11MP: Strategic Thrust 3**
Accelerating human capital development for an advanced nation

- **Key initiatives**
  The focus on cradle-to-grave talent development and lifelong learning will improve labour productivity, deliver a higher-skilled workforce, and create a virtuous cycle of job creation, growth and social development

**11MP: Strategic Thrust 4**
Pursuing green growth for sustainability and resilience

- **Key initiatives**
  "‘Green growth’ will be a way of life. This will lead to strengthened food, water, and energy security; lower environmental risks; and ultimately, better wellbeing and quality of life"
**11MP : Strategic Thrust 5**

*Strengthening infrastructure to support economic expansion*

All Malaysians will have access to basic amenities and be connected through integrated transport and high-speed Internet. New investments will focus on lowering cost of business and enhancing competitiveness.

**11MP : Strategic Thrust 6**

*Re-engineering economic growth for greater prosperity*

We will ensure quality growth and international competitiveness. All economic sectors will migrate towards more knowledge-intensive and high value-added activities with greater productivity.

**Transforming public service for productivity**

- Enhancing project management for better and faster outcomes
- Strengthening talent management for the public service of the future
- Enhancing service delivery with citizens at the centre
- Rationalising public sector institutions for greater productivity and performance
- Capitalising on local authorities for quality services at the local level

3 Integrating SDG into Planning Framework
**Identify SDG target**

1.4

By 2030, ensure that all men and women, in particular the poor and the vulnerable, have equal rights to economic resources, as well as access to basic services, ownership and control over land and other forms of property, inheritance, natural resources, appropriate new technology and financial services, including microfinance.

**Identify SDG indicator**

1.4.1

Proportion of population living in households with access to basic services

**Select 11MP strategy that match SDG target**

**Strategy**

Expanding access to basic services

Expanding network and treatment plant capacity through infrastructure investment and infrastructure technology

**Select 11MP target that match SDG indicator**

**Outcome**

90,000 additional houses in the rural areas will be supplied with clean and treated water

99% population served by clean and treated water by 2020

Funds are channelled through the programmes and projects under the 11MP strategic thrusts that fit the SDG goals
Outline

5 Conclusion
Conclusion

- Malaysia is committed to the 2030 Agenda through SDG Roadmap which is ready for implementation.

- Most of the SDG targets are being addressed through integration of SDG targets into the 11th Malaysia Plan for the 1st Phase implementation (2016-2020).

- Malaysia will continue to address the remaining targets beyond 2020 through subsequent Malaysia Plans.
